

April 13, 2009

Pleasantville Lions Club
P.O. Box 147
Pleasantville, NY 10570

Dear Pleasantville Lions Club Members:

It is with deep appreciation that we acknowledge your contribution of \$300.00, received on April 16, 2009. Becky Barnes and Michelle Brier enjoyed the opportunity to speak with your members about the mission of Guiding Eyes for the Blind.

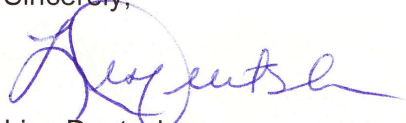

With their Guiding Eyes dogs by their side, our graduates are empowered to live independently. They are able to pursue careers and participate in activities that might otherwise not be possible. We make a lifetime pact with our graduates to provide follow-up services and guidance, so that our "teams" achieve increased freedom, improved safety, and independence.

In a voice filled with emotion, a graduate of our training program spoke these words: *"My world came alive through the eyes of my Guiding Eyes dog. All the dogs here are excellently trained. The instructors are patient and kind, and the environment and accommodations are superb. If there is a heaven on earth, it is Guiding Eyes for the Blind."*

Your willingness to help others serves as an inspiration to all of us at Guiding Eyes for the Blind, and we are delighted to have Hadley-Luzerne Lions Club as treasured members of our "family."

On behalf of all our grateful students and graduates, we thank you for your gift. Your support is changing the lives of blind men and women in the most wonderful way - by helping to provide them with professionally trained, intelligent, dependable, loving guide dog companions.

Sincerely,

Lisa Deutsch
Vice President for Marketing and Development
